Dear Pat and Terry,

We just wanted to send a personal thank you for your wonderful ASMI classes. Your easy-going teaching style was a perfect match for our fun loving group, and yet you always managed to keep your professionalism and impart the important information despite our hijinks.

The classes and the techniques that you teach are invaluable to anyone that rides, and we will continue to encourage our members to consider taking this course, as well as spreading the word throughout the biker community about the program, and the marvelous instructors that we were fortunate enough to have.

We look forward to working with you next year for the basic and advanced classes for new members, and possibly bringing in the refresher course for those that have previously taken the other two classes.

Once again, thank you so much for everything,
